

One Market Place has been in business since 2002 with our corporate headquarters located in Jupiter, Florida. We service clients throughout all of North America through our satellite offices, websites and local sales force. Our presses are strategically located across the US, Canada and Asia which allows for us to efficiently serve the needs of all of our customers. These presses have been carefully selected and provide us with unprecedented flexibility to meet most any budget or delivery schedule.

Our clients range from small local business and print shops to larger national and global brands. A few of our recent clients include Seattle's Best, Brown & Brown Insurance, Kona Grill and VStarr Interiors (a Venus Williams owned company).

Over the past 9 years we have designed, printed, produced and created magazines, booklets, product packaging, logos, complete branding packages, etc...

You will quickly find that we provide our clients with a "single source" for all of their printing, mailing, finishing, fulfillment and distribution needs. We are competitively priced and offer unsurpassed customer service.

One Market Place offers many diverse commercial printing specialty services including but not limited to:

- Large and Small format Sheet Fed Printing
- Web Printing
- Digital Printing and Print On Demand (POD)
- Large Format Digital Printing
- Die Cutting
- In-House Mailing Services
- Fulfillment
- Strategic Marketing Planning
- Professional Creative Strategy and Design
- Web Development & Hosting
- FSC Certified Production

Where we can help:

- Print Brokers - Working on a project that you just can't find a good fit with one of your current providers?
- Media Buyers - Have tight budgets and demanding clients?
- Print Shops - Have a deadline you can't meet, product you don't offer or a price point you just can't get to?
- Graphic Designers - You made money designing it, why not make money for providing the final product?

Exciting News For 2011:

In addition to our current presses, we have recently partnered with several new printers in the US, Canada and Asia aligning ourselves with companies that compete on a global basis who offer greater buying power, more paper selection, superior quality and increased job flow management allowing us to work even closer with press managers to monitor projects every step of the way.

Why Choose One Market Place:

1- We have partnered with several new press spaces in the US, Canada and Asia allowing us to strategically align ourselves with printers that compete on a global basis who offer more paper selection, superior quality and efficient job flow management allowing us to work even closer with press managers every step of the way. Our partners in Asia, time permitting have allowed us to save clients upwards of \$100k for certain projects.

2- Our growth and recent expansion has allowed us to work more closely with several larger accounts while our additional staff handles the day to day clients and internet orders. Coupled with our new partnerships above and our ability to dedicate more time to our larger clients we can provide you with a higher level of customer service than you have experienced with us in the past.

3- New web based and in-house software including a new job management system get our jobs off to press much quicker.

4- Hard proofs are now offered on almost all projects including packaging! An important note about our hard proofs is that it doesn't slow the turn around like it used to and assuming there are no changes it seldom changes the production time.

5- Increased buying power on all project types has allowed us to pass on greater savings. Let our buying power save you money!

The entire One Market Place team looks forward to learning about your company and its specific needs. We welcome the opportunity to answer any questions regarding what we can do for you and your company.

Put our expertise to work and let our customer service and low pricing speak for itself.

What we would suggest is that you provide us either by fax or email with your most recent specs and pricing including all delivery location points so that we can provide you with a free print cost analysis detailing our pricing for the same exact project "apples to apples".

Give us the opportunity to prove our value to you!
